Re : Covid-19 Customer Notice

Dear Sirs,

At Elyon Industry in Korea, we are monitoring the Korea local & global Corona-virus situation very carefully. As you may know already, Korea would suffer some painful time with Corona-virus in the beginning but we are not sure yet it seems that Korea is now getting stabilized these days. However, the Global situation is getting pretty serious very unfortunately and it's not possible to expect how soon this will be ended.

Under this circumstance, our company is following all compulsory and voluntary measures of the local health authorities to prevent spread of the virus and to protect our staffs at Elyon Industry.

We also want to protect customers & suppliers by additional security & restriction measures when collecting raw materials or supplying products. In these challenging times we Elyon Industry remains fully operational and guaranty our 'punctual delivery & reliable' as usual.

Finally, it is our real hope & prayers that all the people can stay safe & healthy during this trouble time and that this crisis will be finished very shortly, and that all the people get back to the normal life as before.

If you have any questions or concerns, please do not hesitate to contact us.

Yours sincerely,  
Tony Jung
